

BOLD PHCOE-DC's Public Health Opportunities and Challenges of Dementia Caregiving Conference

WD4575

PROGRAM DESCRIPTION: This enduring activity is designed to increase knowledge and change competency of public healthcare on dementia caregiving practices and strategies.

OBJECTIVES:

At the conclusion of the session, the participant should be able to:

1. Describe caregiving for people with dementia
2. Identify dementia caregiving issues
3. List public health specific concerns of dementia caregiving.
4. Describe personal experiences of family dementia caregivers
5. Facilitate inter-professional collaboration to address the needs of family caregivers of people with dementia
